OMEX

OMEX is the market leader in liquid fertilisers in the UK, manufacturing and exporting a unique range of plant nutrients and crop health promoters nationally and internationally.

OMEX is an exciting, forward thinking and innovative place to grow your career. We are on a journey to grow the business and are looking for a dedicated and enthusiastic Finance Manager to join the team.

Overview of Role

As Finance Manager you will have a strong background in Management Accounting coupled with excellent communication skills, an enquiring mindset and influencing skills. The ideal candidate would be a highly skilled and qualified professional with experience in leading a finance department ideally within a manufacturing setting. You will possess excellent analytical and technical skills, with the ability to communicate financial insights effectively to support operational decision-making. This role requires a proactive individual with strong business acumen, capable of driving improvements in financial processes and systems while maintaining the highest standards of accuracy and integrity in financial reporting.

Key Responsibilities

- Preparation and delivery of financial reports, including:
 - Monthly management accounts and analysis schedules
 - Statutory accounts
 - KPI reporting for supporting business processes
- Lead the budgeting process, with forecasting
- Analysing and interpreting financial information with modelling as required
- Costings and margin analysis
- Fixed asset management
- Cashflow & Foreign exchange contract management
- Risk management
- Overhead review and management
- Maintenance and challenge of key data (stock, bill of materials)
- Providing support, advice and challenge to other departments.
- Willingness to support other team members
- Conducting research and analysis
- Strong leadership skills to manage and coach a team of 3 people

Qualifications, Skills and Experience

- Fully qualified accountant (CIMA/ACCA/ACA)
- Technical proficiency in application of the above qualifications, including but not limited to:
 - Excellent communication skills including verbal, written and data reporting
 - Attention to detail and emphasis on accuracy
 - Ability to identify and solve accounting issues and trends effectively
 - Keenness to collaborate and communicate within and outside of the finance team.
 - Business system skills, with a strong ability to analyse data
 - Strong time management and ability to prioritise tasks in an efficient and productive manner.
- Support the OMEX team in excellence for the Vision strategy & Focus on the Values of the business (see below).

Vision Strategy

Product Performance	Provide products that consistently meet / exceed expectations. Products that are reliable, efficient, accurate, easy to use and provide optimal nutrition to crops resulting in excellent crop yield, quality and sustainability.
Logistics	Maximum customer satisfaction achieved through efficient infrastructure, accurate demand forecasting, effective system management and cost optimisation.
Technical Support	Commercial teams possess a deep understanding of products and application to help farmers use fertilisers more efficiently, have effective communication skills, respond in a timely manner and have a customer centric approach.
Quality	Consistently high-quality standards achieved in operations through continual evaluation of processes and product formulations to eliminate problems.
Safety	Superior safety standards achieved through establishing a strong safety culture where employees recognize the importance of safety, feel confident in reporting hazards and have the necessary training to work safely.
People	An engaged, motivated and loyal workforce that are encouraged, empowered and given a work environment that provides opportunities to reach their full potential.
